

AIKIDO GRADING SYLLABUS

Grading Dates: Refer Web Site: www.aikidoaustralia.com

Aikido training integrates three martial systems of tai-jutsu (empty hand), aiki-ken (wooden sword) and aiki-jo (wooden staff). The basic principles of footwork, body movement and mental focus common across the three martial disciplines provide an integrated training program consistent with traditional Aikido practices worldwide.

Safety, manners and etiquette are integral components of Aikido training, and together with technical execution of technique are pre-requisite requirements in order to be eligible for obtaining each successive grade.
